

Download Microelectronics Packaging Solutions Manual

IMAPS 2017 is bringing together the entire microelectronics supply chain. The largest society dedicated to the advancement and growth of microelectronics and electronics packaging technologies through professional education. IMAPS will lead the Microelectronics Packaging, Interconnect and Assembly Community, providing means of communicating, educating and interacting at all levels. Samtec's extensive advanced microelectronics and high - speed interconnect expertise enables support for next generation applications with increased performance, integration and miniaturization. The 51st International Symposium on Microelectronics is organized by the International Microelectronics Assembly and Packaging Society (IMAPS). Part#/Keyword; Inventory; Cross Ref. Home; Products. Discrete. MOSFETs. MOSFET Master Table. N Channel. N Channel 8V to 29V
